STATE AND COUNTY JOIN WITH CITIZENS IN PLAN TO QUICKLY HALT POPLAR GROVE FIRE

Agreement to Remove Coal Is
Reached at Conference
Held Here.

STEAM SHOVELS READY

Estimated That 5,000 Tons of Coal
Underlying Highway, to Be Mined
and Sold, Will Materially Solve the
Problem of Financing the Project.

The mine fire involving the property of residents of Hilltop and vicinity is to be stopped. This decision was reached today when a committee of people from that vicinity, citizens of Connellsville, the county commissioners and state representatives met at the Smith house for a conference. The county collector and county engineer were also present.

Work on removing the coal in the path of the fire will begin in two or three days, or as soon as the leases on the coal beneath the road can be transferred to a committee composed of E. T. Norton, A. C. Sticker and U. Corrie. The coal is owned by the H. C. Frick Coke company.

The efforts of the Fayette county commissioners have been influential in bringing action. A day and a half was spent in Harrisburg endeavoring to bring the seriousness of the situation before mine and highway officials there. The result was the coming on here today of Chief Button of the Bureau of Mines, Harrisburg, who looked over the situation with mine inspector S. S. Hall of the Connellsville district and mine inspector McDonald of the Greensburg district.

It is estimated that the steam shovel will have to go to a depth ranging from 10 to 25 feet. If the fire is encountered it will be shoveled out. The coal will be offered to Connellsville residents at a reasonable price and the profit applied to the cost of heading off the fire. It is estimated 5,000 tons can be mined.

The commissioners expressed a desire to do all possible to aid in extinguishing the fire and the aid of the state was also promised.

Stranded Truck Holds Up West Bound Traffic

West Penn traffic was held up on the main line for two hours and a half this morning and on the South Connellsville line for about an hour and a half.

Transfers were made necessary on the Greensburg route when a heavy truck, carrying a moving from Baltimore to Pittsburgh, became mired on a crossing just outside the city limits. The driver did not know of the detour on the state road until he came to the T-junction. In endeavoring to turn around he became fast while the truck wheels blocked the car tracks.

The West Penn track force, working in East Crawford avenue, was taken to the scene and the drivers of the machine given assistance in getting back on the road. Between 6 o'clock and 8:30 o'clock passengers were stranded on the South Connellsville line three complete trips were necessitated because of a broken trolley wire. Traffic there was unable to go to the end of the line because of the trouble.

Everson Soldier To Be Buried This Week in Arlington

Mr. and Mrs. Stanley Smith of Everson received word that the body of their son, Private Bruno Smith, had arrived from France and will be buried with military honors Thursday, October 7, at 2:30 o'clock in the National cemetery at Arlington, Va. Members of his family will attend the funeral.

Private Smith enlisted February 15, 1918, and went overseas in May, 1918, with Company F, 4th Infantry, Fourth Division. He was killed in action in Argonne Forest September 28, 1918. In addition to his parents he is survived by six sisters and four brothers, all at home.

JAMES S. HITCHMAN, BANKER, STRICKEN IN HIS MOTOR CAR, DIES

Mount Pleasant Financier
Shuts Off Power and
Stops Machine.

HELPLESS WHEN FOUND

Long Identified With Institutions in
His Home Town, Mount Pleasant,
President of Citizens Savings &
Trust Company at Time of Death.

Special to The Courier.

MOUNT PLEASANT, Oct. 3.—James S. Hitchman, 57 years old, president of the Citizens Savings & Trust company, and one of the best-known bankers in this part of the state, died this morning at 2 o'clock at the Pike Run Country club, east of this place, after a long illness. He was found lying on the floor of the club, following a stroke of apoplexy he suffered Sunday evening just as he reached the club after motorizing from Markleton where he and two sisters had been spending several days at their summer cottage.

About 7 o'clock last evening, Mr. Hitchman, who was alone, was found sitting in his car, his hands on the steering wheel and helpless, though still conscious. How long he had been there is not known, as he was unable to speak and soon lapsed into an unconscious state in which he remained until death. It is believed he was stricken just about the time he arrived at the club for he had turned the machine toward the club grounds and shut off the gas and applied the brakes. He was carried to the club house.

With Mr. Hitchman at their cottage at Markleton were Misses Mary and Alice Hitchman who lived with their brother in the old William Hitchman homestead in Eagle street, Mount Pleasant. Mr. Hitchman was to have been home last evening in order to fill a business engagement early today. The sisters remained at the cottage.

Mr. Hitchman was born in Mount Pleasant and made the town his home all his life. When a mere boy he entered the First National bank as teller, remaining with that institution until 1892 when the Citizens National bank was launched and he was elected its president. In 1901 the bank enlarged its scope, becoming the Citizens Savings & Trust company and Mr. Hitchman was retained as the head of the institution.

The dead banker was never married. He was a member of the Republican Presbyterian church and of the Evangelical and Protective Order of Elks.

Besides his investments in the banks, with which he was identified, Mr. Hitchman was said to have had large real estate holdings in Pittsburgh and interest in much property in Mount Pleasant.

Besides the two sisters, Mary and Alice, he leaves three brothers, John D. and William Hitchman of Mount Pleasant, who with their families were at the Pike Run club when he reached there Sunday evening, and Edward Hitchman of Wheeling, W. Va. His father and mother, William and Elizabeth Hitchman, are dead.

Over 700 Cars Coal Shipped From I. C. V. in September

During September 713 cars of coal were moved out from mines in the Indiana Creek valley, over the Indiana Creek Valley railroad, according to figures made public this afternoon. This compares with 688 cars in August.

The output is about 25 per cent of the tonnage possible with the present development.

War Records

WASHINGTON, Oct. 3.—Of the 120,000 or 125,000 names of alleged draft deserters, published by the War Department during the last few months, 348 have been removed from the category and their records cleared. Names of many known to have seen service in the World War are still under investigation. The majority, however, are still carried on the records as alleged draft deserters.

Negro Electrocut

BELLEVILLE, Oct. 3.—Dove Wilson, a negro of Dauphin county, was electrocuted at the Rockview penitentiary today. Wilson was convicted at Harrisburg of taking part in the murder of S. M. Jacob, a Steelton merchant in 1912.

Wife of Wealthy New Yorker Missing Nearly Week, Found Dying in Barn on His Estate

By Associated Press.

MORRISTOWN, Oct. 3.—Dying from an overdose of sleeping powder and with both wrists gashed, Mrs. Paul C. Zuklika, wife of a wealthy New York importer and exporter, who had been missing since Thursday, was found Saturday night in a barn on the Zuklika estate near Madison, it became known today. Mrs. Zuklika died a few minutes after being found.

When found by her husband and a party of searchers, Mrs. Zuklika had already become unconscious. A private physician was called and later the authorities announced, the coroner declared it to be a case of suicide.

At the time of Mrs. Zuklika's disappearance, police said, a quiet investigation was being but the fact that she was missing was not made public.

Six months ago the dead woman's son, Paul, committed suicide in the chemical laboratory of a New York public school by inhaling fumes of a mixture he had prepared. Mr. Zuklika said he believed despondency over the death of Paul, an only son, had caused Mrs. Zuklika to take her life.

FALL TERM FAYETTE CIVIL COURT OPENS

Last of Criminal Grind Also
Scheduled for This
Week.

Fall term of civil court opened at 10 o'clock this morning in Uniontown with Judge J. Q. Van Swearingen on the bench and the fifth week of the September term of criminal court opened before Judges E. H. Keppert and J. C. Work.

A number of criminal cases were disposed of in the first four weeks of the session and when this week ends there will be very few cases untied.

The liquor cases will occupy the greater part of the time. The first case listed for today was that of Charles H. Storey, Brownsville hotel man, against whom there are two indictments. Joseph Cooper and George Drennon of Brownsville, charged with a violation of the liquor laws, also are listed for trial today.

All the cases listed for trial Tuesday are for violations of the liquor laws. The defendants are Joseph Segotky, Mrs. Joseph Segotky, Joe Solomon, Alex. Stankewicz, Ignatius Volanter, Robert C. Landis and Anthony Bloshad. This practically completes the liquor list.

Storey, pleaded guilty to selling liquor without a license and, John Tipton and Sam Cable, bartenders, pleaded guilty to violation of the liquor laws.

The balance of the list consists of the general run of cases. All of the murder cases have been disposed of.

Injuries Reduce Force of Regular Letter Carriers

The injury Saturday of Letter Carrier Jacob W. Miller, by a fall from a load of corn in the barn at the Cottage State hospital in which he suffered concussion of the brain, has reduced the regular force of Acting Postmaster H. W. McCormick by three men while he is also short a regular substitute.

Mr. Miller is at the hospital, Saturday, September 21, Robert Miller fell into an open coal hole in Washington avenue and sustained injuries that kept him in his bed until Saturday and he will not be able for duty for several days. Charles P. Raymond, another regular carrier, has been off duty for six months because an infected arm. To top it all H. R. Randall, substitute carrier, resigned, leaving Friday for Boston, Mass., to take a position with a statistical firm. Damon Critchfield has been substituting for Mr. Raymond.

The postmaster has three new men, William J. Kink, Harry Smith and Charles Storey, on call.

Mail has been heavy several days, owing to the monthly bills of the gas and electric companies and the quarterly bills of the water company being sent out. In addition there has been a flood of advertising packages of a medicine concern. Therefore the postmaster asks patrons to be patient.

Babe Ruth Hits 59th Homer; Five Ahead of 1920

By Associated Press.

NEW YORK, Oct. 3.—Babe Ruth knocked his 59th home run Sunday, scoring two ahead of him.

The Yankee slugger surpassed his 1920 world's record by five home runs and made one more than double his 1919 record total of 29. His grand total in league games in the past seven seasons is 162, of which 113 were made in 1920 and 1921.

The greatest interest attaches to the possibility of Ruth's batting in the coming world series, which will be the third for the home run king. In the two previous series, in 1916 and 1918 as a member of the Boston Red Sox, Ruth performed as a pitcher and was not expected to do any great feats with the bat. His only world series hit, a triple, won a game for the Red Sox in 1918.

Marion McArdle On Trial

CLEVELAND, Oct. 3.—The trial of Marion McArdle, charged with the first degree murder of Daniel Kaber, her step-father, was set for today. She is the third to be tried. Mrs. Eva Katherine Kaber, her mother, and Salvatore Galla, serving life sentences for the crime.

CAMPAIGN FOR PREVENTION OF FIRES IN CITY

Home Inspection by Children,
Demonstration by Fire-
men, Planned.

MOVIES MAY BE USED

Public Speaker Also Being Arranged
For Program of Week Set Aside
for Program of Reducing Loss
of Life and Property by Demons.

The importance of fire prevention is to be stressed in Connellsville this week. Fire Prevention Week, through the efforts of the city department of public safety and the public schools, especially. It is also probable the motion picture screen will be used to spread the campaign of education. An effort is being made to secure a special film for the purpose. There will also probably be a speaker, who will appear at a rally at the high school auditorium on either next Sunday or Monday. The former date is that set aside by the state as Prevention Day, the latter by the federal government.

Featuring the campaign among the school children will be a competition on home inspection for protection against fire. Blanks will be supplied for this purpose. J. Donald Porter, having been active in working on the program, a prize will be given for the best report.

Fire Chief W. E. DeBolt will during the week stage demonstrations on turning in the alarm. A fire alarm box will be erected on one of the department's motor trucks and demonstrations will be given in various parts of the city, perhaps on several days, on the proper way to turn in an alarm. According to Fire Chief DeBolt, comparatively few know how to do this. It is generally understood that one of the requirements is to break the glass front of the box but with this performed the majority think they have turned in the alarm, whereas it is necessary to pull a lever before the signal is sent to the firemen's quarters.

Fire drills in the schools will be another feature of the week's observance.

A telegram received by Mr. and Mrs. James May of South Connellsville today announced that the body of their son, Private James L. May, member of Company G, 320th Infantry, who was killed in the Argonne Forest October 1, 1918, will arrive at Hoboken, N. J., October 6. Arrangements were made with Funeral Director Charles C. Mitchell to take charge of the body.

Besides his parents, Private May, who was 23 years old at the time of his death, is survived by the following brothers: Charles, Charles, South Connellsville; Basil, at home; Lewis, at Monaca; George, in Connellsville; and Mrs. Ina Roach, South Connellsville.

Before entering the service Private May was employed on his father's farm.

Mother! Move Child's Bowels With California Fig Syrup

Hurry, mother! Even a sick child loves the "fruity" taste of "California Fig Syrup" and it never fails to open the bowels. A teaspoonful today may prevent a sick child tomorrow. If constipated, bilious, feverish, fretful, has cold, colic, or if stomach is sour, tongue coated, breath bad, remember a good cleansing of the little bowels is often all that is necessary.

Ask your druggist for genuine "California Fig Syrup" which has directions for babies and children of all ages printed on bottle. Mother! You must say "California" or you may get an imitation fig syrup.—Advertisement—3-11.

NEW DEAN OF EDUCATION

SAMUEL WOODWARD.

Samuel Woodward, 89 years old, a wealthy resident of Menallen township, died Friday afternoon at the Oxford Retreat, Oxford, O., where he had been a patient for several years. Mr. Woodward was born in Menallen township, a son of the late Mr. and Mrs. David Woodward, and spent virtually all his life in Fayette county. He was the owner of large and valuable coal lands. Several years ago the court appointed R. E. Umble as guardian of his estate and directed that he be sent to the Oxford Retreat. He had been failing in health for some time. Mr. Umble and John Woodward, a brother-in-law, left for Oxford, O., to accompany the remains here. Mr. Woodward is survived by two sisters, Mrs. John Frasher of Franklin township and Mrs. J. C. Ollbricht of Newton, Kan., and one son, Ewing Woodward of Menallen township. He is also survived by the following brothers and sisters: Mrs. Stewart Henderson, Uniontown, mother of Assistant District Attorney David W. Henderson; John Woodward, Franklin county, Kan.

GEORGE RYBAR.

George Rybar, 64 years old, died at his home at Coalbrook Saturday. Mr. Rybar was a Frick employee, having retired seven years ago on a pension. He is survived by his wife, and four daughters, among them being Mrs. William Phinck, wife of a member of The Courier composing room force. The others are Mrs. Joseph Gail and Mrs. George Gail of Lumbert and Dorothy Rybar at home. Funeral will be held at the home on Tuesday afternoon at 2 o'clock and at 2:30 at St. Peters Slavish Lutheran church, with Rev. Martin Tomaska in charge. Interment will be made in the Hill Grove cemetery.

CLYDE C. PFEIL.

Clyde C. Pfeil, husband of Edith Richmond Pfeil, died Saturday at his home in Pittsburg. He is survived by his widow, one son, Charles, his parents, Mr. and Mrs. Edward A. Pfeil, one brother, Kenneth Pfeil. He was known in Connellsville and Uniontown.

The funeral will be held tomorrow afternoon at the family home, 2112 Carson street, South Side, Pittsburg.

FRANKLIN PIERCE HALL. Franklin Pierce Hall, 70 years old, died Friday at his home at Oakland, Pittsburg. He was known in Meyersdale and Hyndman.

A CLEAR COMPLEXION

Ruddy Checks—Sparkling Eyes—Most Women Can Have

Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system.

If you have a pale face, sallow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.

Thousands of women and men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep them fit. 15c and 30c.

Rally Day at M. E. Church.
The Methodist Episcopal church ob-
served rally day in the Sunday school
yesterday with the attendance reach-
ing 502. A very interesting program
was carried out, on which there was
a duet by Emma Jane Bartlett and
Orlean Newbrough, a duet by Mer-
edith Brooks and Grace Jarrett. Sev-
eral selections were furnished by the
orchestra, in charge of Robert Bar-
kell, who also had charge of the
special singing. Miss Riley gave a recita-
tion. Rev. Judson Jeffries spoke on
"The Value of the Child's Being in the
Sunday School." Twelve classes were
present with a record of 100 per cent.
Missionaries Spoke.

Rev. and Mrs. Warren Hayes, mis-
sionaries supported by the Scottsdale
and Byersville United Brethren Sunday
schools, were here yesterday. The
two missionaries have been working
in Japan and left there August 23, ar-
riving in Pennsylvania last week after
serving six years in Japan. They
spoke in the Scottsdale church at both
the Sunday school and regular church
service and both times were greeted
with large audiences eager to hear
them. Last evening they spoke at the
Byersville United Brethren church.

IMPROVEMENT IN IRON, STEEL
AND COKE IS PERMANENT.

Those who are keeping in closest touch with the iron and steel situation are those who are most confident that the improvement which has marked the course of this industry during the past few weeks is more than a temporary stimulation. The fact that mills are starting up to fill orders, instead of replenish stocks that have been liquidated, and that furnaces are blowing in indicates very plainly that actual need exists for a larger production than ruled during the extraordinarily dull period of mid-summer.

Another fact of significance is that the price tendency is upward which, if it continues in that direction, will serve to bring still more buyers into the market. Again, general industrial and commercial conditions are better than two months ago. A more cheerful feeling prevails and everywhere there is a desire to get busy before winter swoops down upon the country and puts the brakes on transportation and compels a cessation of outdoor work.

The forecasters of the future trade situation speak with confidence, notably a member of President Harding's cabinet who submitted to an interview some days ago in which he predicted that iron and steel will presently assume a tremendous expansion.

"Of all men in Washington," says the Cleveland Daily Metal Trade, "he knows whereof he speaks with relation to iron and steel. For personal reasons, he asked his name not be printed, if he were not so modest in this regard, the entire Middle West would have been electrified by his statements. He expects to see the iron and steel trade plunge into a tremendous production era; one that will tax what is now regarded, rather ruefully, as too great producing capacity. He did not undertake to say just when that precise moment would arrive, but all Washington believes he knows what he is talking about because he knows the man and his means of obtaining exact and precise information on iron and steel. He is ultra-conservative when in business actively, and when he spoke, which was seldom for publication, his fellow townsmen listened carefully and profitably."

Even if this prediction is discounted as being somewhat too sanguine, the fact remains that progress already made has infused new life into the belief which would not have taken place without being preceded by changes of a favorable character in the industry upon which coke making depends for its activity.

A boom period is not expected to arrive over night, nor is it desired. A slow, steady growth is taking place and that is best suited to the situation because it can more certainly be relied upon as being of a permanent character. Coke production has been increasing from week to week and will in all probability continue that course in step with the improvement in iron and steel.

BEST FIRE INSURANCE.

With the annual fire loss in the state of Pennsylvania approximating \$30,000,000, 75 per cent of which occurs in homes and the larger part of which is preventable, there ought to be no need for argument as to the necessity for taking every possible measure and means to more thoroughly inform the people of the advantages to be gained by fire prevention.

To this end instruction in the schools will be helpful, and every other form of effort to teach safety from fire, and should receive the contingent and support of all citizens. In every home prompt action should be taken, now that the days are near at hand when heating devices will be brought into service for another six months or so, to see that defects are corrected, chimneys and stove pipes cleaned and repaired, rubbish and waste removed from cellars and elsewhere on the premises. If stoves or other forms of heaters are located too close to wooden partitions, or walls, means should be taken to prevent them becoming the origin of a fire through overheating or otherwise.

In short, every precaution which prudence dictates as necessary to lessen the fire hazards in or about a building of any kind should be taken. It is a fact that the cost of insurance against losses by fire and other causes is less than rebuilding or suffering the inconveniences of damage by water in extinguishing a fire however small.

Fire Prevention
Day Proclamation

October 10, the anniversary of the great Chicago fire, has been designated by President Harding as Fire Prevention day in a proclamation which follows:

"Whereas, the United States suffers through destruction by fire an annual loss of life estimated at 15,000 human beings, most of them women and children, and,

"Whereas, in the face of the world's fire need for American products, our fire loss increased during 1920 to over \$500,000,000, and during the previous five-year period totalled over \$1,416,875,000—buildings, foodstuffs and other created wealth needlessly wiped out of existence—and,

"Whereas, in addition to the above forest fires during the five years ended with 1920, further reduced our diminishing timber resources by a total of over \$85,000,000, also threatening with acidity over 55,000,000 acres of hitherto productive woodland, and,

"Whereas, most of our fire losses are due to carelessness and ignorance and may be easily prevented by increasing care and education on the part of citizens,

"Therefore, I, Warren G. Harding, president of the United States, do urge upon the governors of the various states to designate and set apart October 10, 1921, anniversary of the Chicago fire, as fire prevention day, with these principal objects in view, to wit:

"To request the citizens of their states to plan for the day and period, through public, through open forum and through the schools, such instructive and educational exercises as shall impress the public mind with the calamitous effects and threatened economic disaster of such unnecessary fire waste;

"To urge, as an every day duty of citizenship, individual and collective efforts in conserving our country's natural and created resources, and,

"To promote systematic instruction in fire prevention in our schools, constant observance of the ordinary precautions that safeguard us from fires, and a orderliness in home and community that we may overcome this lurking peril.

"Fire is a danger that never sleeps."

Have Had Enough

Harrisburg Telegraph.

Evidently the Democratic leaders in Washington do not look with favor upon the apparent effort of former President Woodrow Wilson to stage a "comeback" as party spokesman.

On the afternoon of the day when he let it be announced that he is again in good health and is taking a deep interest in world affairs, and when he permitted it to become known that he would like to see the Democrats in the Senate lead a fight against President Harding's peace program, the Democratic caucus formally assembled and took on record as expressing the conviction that the German treaty is not a matter for party action, and left Democrats free to support or oppose it, according to their individual opinion.

Rather than accept any change in his own peace treaty, Mr. Wilson deliberately let it go on the rocks, and with it went his party, when as a result of his "solemn referendum" the voters ousted the Democratic administration from every office of power or influence in the nation. Democrats who went down to defeat through his stubborn determination to rule or ruin are bitter in their hearts, and they have no stomach for another contest on the peace question under his leadership.

Indications are that Mr. Wilson will be permitted to continue his regular routine of rising at seven, eating his breakfast, scanning the newspapers, going for a ride, etc., undisturbed by callers from the militant leadership of the Democracy in the Senate. Doubtless those leaders feel, with the country at large, that the former President should be permitted the retirement and seclusion he has earned. He had eight years of most strenuous activity and, whether along mistaken lines or not, he strove mightily and broke physically under the strain. The leadership of the party that went to pieces under his generalship must be committed to younger and more vigorous hands. The task of its regeneration is beyond Mr. Wilson, for many reasons.

We'd like to bet that Postmaster General Hays, with all his pep and initiative, will never be able to deliver a package that the man has tied up. "I feel as helpless as a dithering watchman," said Lyle But today, as he tried to pull his Ford out of a clematis, Copyright National Newspaper Service.

Present Indications Are that Premier Lloyd George Will Not Come to America Next November.

Making Extraordinary
Mileage a Certainty—

Car Owners want more rubber on the tread where the wear is hardest; more gum between cord plies to perfect a resilient and powerful carcass. And they want a scientifically constructed Non Skid tread with all angles and contacts to resist skidding and give sure traction. Firestone Cord Tires have met these demands of the car owners.

Read Letters Below—
Records from 29,000 to 57,000 Miles

Cord Tires built the Firestone way could not fail to produce mileage. Every day, from all over the country, comes the word that 10,000, 20,000 or 30,000 miles are frequent and consistent records.

Now and then they are emphasized by unusual instances such as quoted below. Performances like these demonstrate the ultimate possibilities of Firestone Cords under careful driving.

Granton Hall Declares Tanlac Has
Benefited Everybody He Knows
Who Tried It.

"Tanalac is the greatest medicine in the world, and I say it not only because it has helped me, but because it has helped everyone I know who has tried it," said James Burke, 1365 Eysen street, Stanton, Pa.

"My stomach got out of order, and for a long time I couldn't eat a meal without bloating all up with gas which almost smothered me at times. I had an awful cramping pain in my stomach, and always felt sluggish, tired and worn out. Mornings I got up with a mean, sickening taste in my mouth, could scarcely eat a bite of breakfast, and I always brought my dinner pail home without hardly opening it. Nothing tasted good and I just picked at my food."

"But Tanlac helped my mother so I suited taking it myself, and now I have an appetite like a hard working man ought to have, and everything I eat tastes good and agrees with me perfectly. I always feel strong and ready for my work now, and I always bring my dinner pail home empty, I'm glad to give Tanlac the highest praise."

Tanalac is sold in Conneville by the Conneville Drug Co., and by leading druggists everywhere.—Advertisement.

IF BACK HURTS USE SALTS FOR KIDNEYS

Eat Less Meat If Kidneys Feel Like Lead or Bladder Bothers.

Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine.

This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts is harmless; inexpensive; makes a delightful effervescent lithia-water drink, which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications.

A well-known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.—Advertisement.

COKERS LOSE TO JOHNSTOWN SCORE IS 42-0

Opposed by a stronger aggregation, composed of players of more punch, the Connellsville high school football team lost to Johnstown on Saturday, 42-0. The Cokers held the visitors at times but were often unable to "kick heart and fighting spirit," especially after a big lead had been rolled up and the "Flood City" team literally plowed through for additional scores.

During the last seven or eight minutes of play Connellsville "came back" and following an interception of a forward pass by Soloson, quarterback, worked to the Johnstown 10 yard line but could not go farther. The team was too slow lining up at this time.

When the game opened Connellsville elected to take the kickoff, and for a time had things going all to the good. Johnstown was offside on the first kickoff and McCormick returned the ball 17 yards. However, the visitors were penalized and it was necessary to kick again. Soloson received this time and reached 10 yards before being stopped. McCormick hit the line for two yards. George plowed through tackle for three more. On a criss-cross, McCormick to George, the latter tumbled but picked the ball up and gained 6 1/2 yards. Jones hit for three yards and Connellsville had made a first down. The visitors held and Connellsville lost the ball on downs.

After hitting the line for a first down Johnstown completed a pretty forward pass, Baker to Logie, netting 32 yards. With the ball on the eight yard line Connellsville held for three downs. With one more try for a touchdown, Johnstown forward passed over the goal line, the ball going to Logie.

The first quarter ended 6-0. During the second period the visitors again worked the forward pass successfully and when Connellsville held on the one yard line, the ball went to the Cokers after another attempt to score via the aerial route had failed. It was again necessary for the Cokers to punt and after Johnstown had worked to within the 25 yard line, Katzstein went in and kicked a pretty field goal.

Johnstown scored again in the second quarter, the half ending 15-0. In the second half the Cokers went to pieces for a time. The team seemed lost and some seemed entirely without any desire to get in the scrimmage. Kristoff, an exceptionally fast man, ran 30 yards for a touchdown when he took Soloson's punt, no Coker tacklers having an opportunity to reach him.

It was a discouraging football game until Soloson made his fine interception of a pass. Then the fighting

blood of high school seemed to stir. The little quarter had eaten up 20 yards before he was caught. Jones immediately lost four yards, and McCormick hit for two. A forward, McCormick to Jones, was successful but Jones fumbled when tackled. McCormick recovering, Jones went through the line for nine yards and Wilhelm failed to gain. Soloson took the ball himself and made a first down. There Johnstown held and on kicking the ball immediately punted. The game ended.

CONNELLSVILLE TORNADOES VICTORS IN OPENING GAME; DEFEAT COMPANY E, 39-0

Connellsville, as a sport center, was not entirely without some "bucco" Saturday, as the Tornadoes, the first independent team organized on a large scale here, went to Mount Pleasant, and before 1,000 fans of both places, surprised themselves and their staunchest rooters by winning 39-0 over the strong Company E team. The army boys had never doubted but that they would win the game and the victory of the Cokers was the biggest surprise of all to them.

Six Tornado gridlers crossed the enemy team's line and Bufano kicked three goals. The home aggregation had a strong outfit but the superior coaching received by Connellsville resulted in the victory.

Coach Jones used all his men in the latter part of the game, giving each an opportunity to show his ability. The team had the patch and there was no stopping the backs when they crashed into the line or eluded the end back of line interference.

The Cokers kicked off to Mount Pleasant and then held the home team for downs. Company E kicked and Philson gained 55 yards after receiving a lateral pass. The ball was then on the home team's 10-yard line. Lascelles hit the line and Connellsville had scored in the first five minutes of play.

Philson scored the second touchdown himself, eluding the ends for many yards. Bufano then went into the game and broke through tackle for the third. Darr went around the end for his score and J. White went through the line for another.

The entire Tornado team played exceptionally well. It would be hard to pick individual stars but Philson showed himself to be exceptionally clever in broken field running. LaPorte did fine at quarter, using very good judgment. The members of the team give credit for their success to Coach Jones and his excellent coaching.

Connellsville Tornadoes will be known throughout Western Pennsylvania before the end of the season.

Saturday will be the next opponent of the Tornadoes in a game at Fayette Field, Wednesday, October 14. Suters has been undefeated for three years.

The lineup: Tornadoes—39, Company E—0.

Sports Free for All

Every sporting event in America is really a free-for-all. The crowd that gathers—whether the affair be baseball, racing, football, swimming or what not—is a free talking, happy-go-lucky crew. One can blurt out an opinion of this, that or the other contestant, and get away with it because opinions are carried away on one of the four winds. Everybody is on hand for the pleasure of the affair. And the average person gets no real pleasure in arguing. American crowds at sporting events are made up of so many different sorts of folks no one expects them all to agree on any one thing.

Sporting Squibs of All Kinds

Baltimore is to have a "Big Boy" club, 12 in. too, height an arm. France has two national swimming teams looking after women's sports. Joseph T. Fitzgerald has been appointed assistant football coach at Stanford. And yes, there are men who say they believe they will go out some afternoon and learn to play golf. Jennings Sullivan, former star lineman of the Duluth High School football team, has enrolled at Center college.

The five-hundred mark in club membership has been passed by the United States Golf association, a goal long sought.

They yell, "Come on, old boy," at the ball game, but probably had better yell, "Come on, old girl," at a women's tennis player.

International pitching is excellent sport, although it's more difficult to find the wherewithal than it was before horseless carriages came into existence.

Plans for the first international fencing tournament to be held in this country in November, with American and British teams competing, are announced by the Amateur Fencing League of America. The tournament will open at Philadelphia November 24.

THE SOISSON.

"COURAGE," the feature picture today, tomorrow and Wednesday, is a first National picture, with Naomi Childers in the stellar role. In this screen version of Andrew Scott's well-known book, directed by Stanley Franklin, Miss Childers, in the leading role of Jessa Blackmore, is seen as one of the finest as well as most beautiful actresses of the silent drama. Her characterization of the loyal wife of the young Scottish engineer, who, by a miscarriage of justice, is imprisoned for murder, is one that will be long remembered. Sam de Grasse, gives a remarkable portrayal of Stephen Blackmore, the husband, who during his imprisonment secretly directs a great industry through an ingenious signal system to his wife. The real player, confesses on his deathbed, and the impending blight on the romance of Blackmore's son is removed, and Jessa and Stephen are reunited. Tinged with pathos and crowned with happiness, it is a beautiful story of steadfast love. The acting throughout is splendid and credit must be given to Adolph Menjou, Lloyd Whitlock, Alec B. Francis, Ray Howard, Gloria Hope and Charles Hill Mallet. Direction and photography are beyond criticism. In short, "Courage" is unusually fine entertainment.

THE PARAMOUNT.

"THE MATRIMONIAL WEB," with Edith Roberts in the stellar role, is the feature picture today and tomorrow. The story is one of unusual interest and presents the star in many new phases of her emotional ability, proving her to be a player not confined to any particular type production. In "The Matrimonial Web" she appears first as the daughter of a wealthy agent, an unsophisticated country girl. In order to save her father's position and unknown to him, she attempts to round up a band of smugglers. In seeking cities, the trail

leads her into some of the dives of the underworld. She mixes with the frequenters of these dives, and is picked up by a man who has a double purpose in kidnapping her—to spend the night upon an island where the smuggler is at work. Here she meets the hero and an interesting love story develops. The picture is full of action and beautiful scenic backgrounds, a large portion of the scenes being taken out of doors. For the most part the interiors are in the shack of the smuggler but there are nevertheless several magnificent interiors showing the painful homes of the hero's parents and the girl who attempts to trick the hero into marrying her.

THE OUPPEHEM.

"MOONLIGHT AND HONEY-SUCKLE," which began a two-day run today at this theatre, affords excellent material for Mary Miles Minter, the charming screen star. Miss Minter plays the role of a wilful and spoiled daughter of a millionaire ranchman. The girl, through a ranch-life, maneuvers her father into politics and gets him elected to a senatorship. Then they move to Washington, leaving the ranch manager desolate for love of Miss Judith. In Washington the young lady enjoys a whirlwind popularity. In fact, she has so many suitors she doesn't know what to do. Memories of Ted, the ranch manager, begin to fade under the glamour of the dress suit crowd she now runs with. But she cannot decide between her suitors, so she upon the unique scheme of trial engagements. Several of them, simultaneously. The plot thickens when the ranchman lover appears on the scene, armed with a six shooter, an engagement ring for Judith and a grim determination. Judith triumphantly marries her father off to a convenient widow, breaks off her trial engagements and accepts the wild west swain. Monte Blue plays the part of the cowboy lover.

When 21c a day can
buy a Hoover

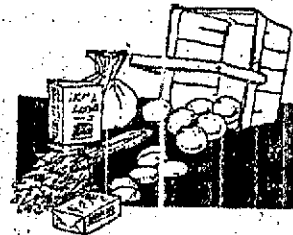

WHAT housewife—especially during these housecleaning times—can afford to be without one?

The Hoover you know beats as it sweeps as it cleans which means that it combines in one operation all the most removing activities known to man and saves more labor and worry than you realize.

Hoovers cost \$65 cash. In six month payments, \$10 down and \$9.50 per month. In ten monthly payments \$6.25 down, \$8.20 a month—only 21 cents a day.

So the question isn't so much can you afford it as it is— for health and happiness sake— can you afford to be without it.

We'll be glad to demonstrate the Hoover any day.

Monday and Tuesday are Dress Days and
Every Fall Dress is Reduced in Price

AFTER all we succeed only as we serve. And the best way to serve you this year is to obtain the quality merchandise you have learned to expect from us—and to price that merchandise just as low as is consistent with the quality and style that's in it.

Therefore—this announcement that Monday and Tuesday have been designated "Dress Days" on which many new Fall dresses in stock are placed in one or the other of these three lots.

At \$12.75

All the new one piece and two piece dresses—including the Branley dresses that are enjoying such a vogue this Fall. Sizes 16 to 44. Color, navy blue. Plain tailored styles or those brightened with contrasting embroideries.

At \$22.75

Dresses in wool jersey, crepe de chine, canton crepe, tricotine and satin. Plain tailored or embroidered and sleeved with all the vagaries that Paris has decreed for Fall. Colors tan, reindeer, peacock, brown, taupe, navy and black. Sizes 16 to 44.

At \$32.75

All the finer, more desirable costumes you've seen on the second floor—in canton crepe, crepe satin and fine tricotine. Colors, tan, reindeer, peacock, brown, taupe, navy and black. Sizes 16 to 44. Trimmed in contrasting materials and embroidered in the wooden beads and Chinese trappings that have struck so definite a styles not for the season.

Perish the thought that any of us must sacrifice this season, any of the things that it is the lot of woman to desire.

"Suit Days" and "Coat Days" have already done their bit to lighten many a woman's cares—let "Dress Days" do their part in lightening yours.

Only an unusual Silk Sale would feature
Krepe Knit at \$3.50 per yard

KREPE KNIT is the season's latest fabric—as far as is known there was never anything like it before.

It resembles a jersey silk with a crepe face—a material to fall from your shoulders in the crinkly waves that Fashion sponsors for the season.

We have seen it advertised in other cities at \$3.85 and \$4.00 but in our Annual Sale of Silks your desire for this new and beautiful fabric can be gratified for \$3.50 per yard—which may give you some inkling of the importance of this event. Other unusual values are:

Satin Charmeuse, featured in navy and black, a \$2.50 value, at \$1.85.
40 in. Radum Taffeta, in a deep soothing black, a \$3 value reduced to \$2.67.
36 in. Black Velvet—the heritage of kings—a \$3.50 value featured at \$2.74.

Kyanize Paints Are Reduced 10%

P ERHAPS, after all, that bedroom floor does deserve a new coat of varnish. And how much happier the room would seem if the bed itself could be re-enamelled. Or is it the parlor that needs attention—say a coat of varnish for the floor and to brighten up the wood work.

Now's the time—while the Housefurnishings Sale is still in progress to get that painting done—and Kyanize should do it.

Kyanize is to be found in a finish suitable for any demand. Floor Finish for interiors and wood work. White Enamel for parlors, bedrooms and beds. Washable Celoid Finish for walls and woodwork. All reduced 10% in price.

And if it isn't satisfactory your money will be immediately and cheerfully refunded.

A HOUSEWIFE is known by the stock of bedding she keeps. And upon that stock depends a great deal of the peace and comfort of her family.

During our Annual Sale of Blankets and Bedding prices are 33 1/2% to 50% lower than last year—and every bedding necessity from pillows, through sheets, to bedding materials, is included.

Among the latter are such values as 36 in. bleached muslin at 17c per yd., and unbleached sheeting, at 33c per yard.

The end of the Sale is fast drawing near so "Obey that impulse" and get your supply in today.
